Debriefing

Welcome PretzCon, Agent!

This is our seventh annual PretzCon. Thank you for joining our taskforce! We could not do this without you!

PretzCon is a game convention, an event where people gather to play games, which are simulations, and meet new recruits. You can play some of your favorite games and also have the chance to play games you have never played before, you have the proper clearance.

Many tables are set up with a variety of games available to play at any time throughout the convention. Each game has a game master who provides the game and will debrief the rules in case you haven't played before.

We hope that you have a wonderful time at PretzCon. If you need assistance, you can ask any of your handlers for help. They should be easy to identify in their GREEN shirts. Handlers are always available at PretzCon HQ for any questions, comments or suggestions.

We welcome any and all feedback and are dedicated to making your experience on this taskforce as awesome as possible! Games Will Be Played!

General Info

PretzCon holds the following hours:

Friday, April 28: 12 PM to 2 AM

Saturday, April 29: 8 AM to 2 AM

Sunday, April 30: 8 AM to 8 PM

Open Gaming:

A dedicated open gaming area near PretzCon HQ is available. People can gather and play whatever they want, whenever they want. You can bring your own games, or check out something new from the available library of games. If PretzCon is open, the game library is open. You can also use this area for our new "Play And Win" selection! If you can find an open table, it's all yours. Enjoy!

Raffle:

Want to win some awesome prizes? Check out the things you can win in our raffle and buy some tickets at our front desk. Tickets are \$1 each. Your tickets will stay in the drawing all weekend and we will be doing drawings at different times throughout the weekend. So get your tickets in early and get in as many as you can to increase your odds of winning something awesome!

PretzCoins:

We encourage our convention attendees to hold their own scheduled game sessions. For each hour of game time you run, you get one PretzCoin. You will also receive a PretzCoin to reward to a participant in the game, usually the winner, but also for sportsmanship or teamwork. These PretzCoins hold the value of one dollar and can be used to purchase raffle tickets, PretzCon merchandise, or even items from our vendors. You can also use them at the front desk towards a t-shirt purchase or registration for next year!

Play And Win:

We have received many games from our sponsors this year that are meant to be given away not to raffle winners, but rather to people who have played and enjoyed the game! These games can be checked out from the Game Library at HQ. Winners will be announced on Sunday evening. Although you do not need to be present to win, your badge does so if you cannot be present, please make sure to give your badge to someone who is going to be here. Please see page 5 of the book for the full "Play And Win" rules. You can see a list of the games available at the Game Library at HQ.

**Pretzcon is sponsoring
The Alamo Drafthouse
Clue Movie Party!!!!**

You've done it in the library. You've done it in the dining room. You've even done it with a candlestick in the kitchen.

That's right, at one time or another, we've all killed Mr. Body. And this month we're celebrating the hilarious film adaptation of the board game CLUE.

Quip along with Wadsworth (Tim Curry), scream along with Mrs. Peacock (Eileen Brennan), and feel the flames on the side of your face with Mrs. White (Madeline Kahn). We won't be handing out ropes or lead pipes, but we will be giving you props (including CLUE cards, of course) to intensify your evening at Mr. Body's manor.

Movie Parties are always interactive, but this show takes audience participation to a whole new level. (Although you won't have to move any dead bodies... or will you?!)

Whether you've seen this movie a thousand times or never before, it's no mystery that you'll have a ridiculously fun night. And remember, Communism was just a red herring.

It's always hard to say goodbye to an old friend, but we think it's time to replace that dusty old poker deck. PAIRS is a beautiful new card game from Cheapass Games, a delightfully simple design with dozens of new games!

Every deck is different, but the cards are the same: the numbers 1 to 10, with 1x1, 2x2, 3x3, and so on. We've made gambling games, bidding games, bluffing games, and even strategy games with this deck, and we're just getting started.

You can play "The Judge," below, with any PAIRS deck. And look for a new Deluxe Edition, with a collection of more than 30 PAIRS games, coming this Summer to a fine game store near you.

The Judge is a Pairs variant about a cooking contest. Each player creates a recipe from a hand of random cards, and then enters that recipe in a contest. To win the contest, you have to avoid things that the Judge doesn't like!

The Judge was introduced in the *Goddesses of Cuisine* deck, illustrated by Echo Chernik. But you can play it with any Pairs deck.

Players: 2 to 6

You Need: A Pairs deck and a way to keep score

The game is played over several hands. The winner is the first player to reach a target score, as follows:

Players:	2-3	4	5-6
Target Score:	50	40	30

To Begin: Shuffle the deck and deal a hand of 7 cards to each player. Then, deal a face-down stack of 8 cards in the middle of the table to represent "The Judge."

Play begins with the player who scored the most on the previous hand. On the first hand, start with the dealer.

Step 1, Cooking: Players take turns playing cards from their hands face up onto the table. Your faceup cards represent your entry into the contest in step 2.

Each time around, you may add another card, or pass. If you pass, you're finished cooking, and you can't add more cards. Step 1 is over when everyone passes. Also, your recipe *can't* contain a pair.

Step 2, The Contest: The Judge will eliminate recipes from consideration. Reveal cards from the Judge one at a time. These cards represent things the Judge doesn't like. If any recipe contains a matching card, that player is eliminated.

Continue until the Judge runs out of cards, or until there is only one player left. Occasionally, all remaining recipes will be eliminated at the same time, in which case no one scores. The same player would lead the next hand.

Scoring: The remaining recipe(s), if any, score their face value. For example, if a recipe is 1+4+6, that player scores a total of 11 points.

Retire *your* **POKER**
deck.
